- English C1

Summary

Senior full-stack developer with over **7 years** of experience in software development across various industries, with the **5 most recent years** focused on React and TypeScript. I am well-respected amongst industry-leading companies as a skilled developer who truly understands the client infrastructure and pain points. I also have the hands-on, technical aptitude needed to design and build out solutions.

Skill Highlights

- UX/UI
- API building and Integration
- Socket IO
- Database design
- Good communication

Experience

Lead Developer - 05/2019 to 02/2021

NOVISMART TECH., Wien, Austria

- Engaged to develop a new booking management solution.
- Developed a full-stack JavaScript application with MERN/MEAN stacks.
- Targeted both mobile device and desktop users with React Native.
- Delivered the iterative product to business.

Full Stack Engineer - 07/2015 to 07/2018

ITM HOUSE, Toronto, Canada

- Maintained and improved the client portal React application.
- Implemented workflows and guidelines for code consistency, readability, maintainability, and testability.
- Refactored and upgraded the continuous integration code of our main repository and created a gem to make available to other projects.
